# To the Students

Welcome to your second year of World Studies, a two-year course to help Georgia's students learn more about the world in which they live. For this book, the focus is on three important regions in the world: Southwest Asia (Middle East), Africa, and Southern and Eastern Asia. You will learn about the geography and history of several focus countries. You will also learn about government and economics in the focus countries today.

You might wonder why it is important to study other countries in the world. As a person who lives in the state of Georgia in the United States, you do not live very close to any of these other countries. However, Georgians today are connected closely to the whole world. You have goods such as clothing or electronics that have been manufactured in other countries and sold in your state. You may have family members who work for businesses that depend on trade with other countries. You live in a country that works with governments around the world, and the United States military defends our country from sites around the globe.

From just about anywhere in Georgia you only have to look in the sky to see more evidence of your state's connections to the world—jets carrying goods and people to faraway destinations. Hartsfield-Jackson Atlanta International Airport is key to these connections. The airport is the world's busiest with more than 900,000 flights carrying over 100,000,000 passengers and nearly 650,000 tons of cargo each year. Millions of these passengers and tons of cargo are traveling to other countries in the world. The port cities of Savannah and Brunswick also connect our state with the larger world. These ports support jobs for 369,000 Georgians!

As a citizen of Georgia in the twenty-first century, you will have many opportunities to connect to the larger world. What you learn in this book will help you as you continue your life's journey.

# **Ancillary Products**

To get the most out of your textbook, you need to know about its features and its organization. In addition, you need to know about any extra study aids that support your learning. This book has a number of great resources to help you learn more as a Georgia student in the World Studies courses.

#### **eBook**

The eBook version of *World Studies for Georgia Students* contains all the great content of the print text. There are advantages to the eBook, however, including the ability to access your book from many types of

Internet-connected devices. Whether your school has a full-access BYOD (Bring Your Own Device) program or simply allows PODs (Personally Owned Devices), you will be ready with the eBook both in and out of the classroom. Whether you need to read in the classroom, on the school bus, or at the ball field, our eBook is ready. The eBook contains links to audio recordings, websites, online encyclopedia entries, primary source documents, video clips, online puzzles, online practice assessments, and workbook pages.

# MyWorldStudies.com

As a student user of this text, your teacher will provide you with login information for the myworldstudies.com website. This online tool gives you links to some great resources such as the following:

- Audiobook
- Guided Reading
- Hyperlinks
- Internet Activities
- Online Textbook
- Presentations
- Puzzles

# **Features of the Clairmont Press Program**

World Studies is about understanding life today and about getting the education you need to be an informed citizen of our state for the future. Using the resources in this program, you can learn more and achieve at higher levels as you consider how the lives of Georgia's citizens are connected to people in other places in the world.

#### MyWorldStudies.com

This website is available during your year using this textbook. Your teacher will give you the password needed to access these great resources. From this site, you will have access to the following online resources:

#### Online Textbook

Never worry again about leaving your book at school. There is no need to carry it home with you. If you have Internet access, you will have access to your student textbook. All the pages of your printed text are available online in digital format. You will be able to view the pages with your web browser or with Adobe Reader software.

#### **Audiobook**

Sometimes it is a challenge to read a textbook. Maybe you learn better when you can hear the material rather than see it on paper. A professionally read audio version of the textbook is just a click away if you have Internet access.

#### Internet Activities

Web-based research can give you a greater understanding of the world. With these Internet activities, you will have the opportunity to dig a little deeper into some of the topics you are studying. Some of them may be a bit challenging, but they will help you think about life in our world in new and different ways.

#### **QuickNotes**

To go along with each chapter and each presentation, you have access to pages that you can use for taking notes. You will find the key concepts from each chapter and section on the QuickNotes handout. Plus, there are blank lines for you to add your own notes. Use highlighters and/or markers and pens to focus your attention on the information most important to your learning.

#### PowerPoint Presentations

For each chapter, your teacher has been provided a PowerPoint presentation to adapt for classroom use. You also have access to these presentations. Each section of each chapter has been summarized on a slide. You will find that, by studying these slides to preview and review your classroom learning, you will remember more of the most important concepts being taught.

#### **Puzzles**

Online puzzles will help you to learn vocabulary and key facts. You receive a score instantly so you can check your learning. Play again, if needed, to improve your score.

### **Hyperlinks**

There are many resources on the Web to provide additional information on the topics you study. We have provided links to some of those to help you expand your learning on topics that interest you.

# **Guided Reading**

Sometimes it is a challenge to find the key facts in the chapter of a textbook. Using the Guided Reading resource, you can focus your attention on the text and identify important terms that will help bring meaning from the words in the book.

# Self-Checking Quiz

In order to monitor your learning, take the self-checking quiz. You can take it multiple times. Pay attention to any items you miss as a way of improving your learning and clearing up misunderstandings.
