## Chapter 11: Commonwealth of Australia

### CASE STUDY

### Case Study: The Great Barrier Reef

*The Great Barrier Reef is one of the seven natural wonders of the world. Located off of Australia's Coral Sea coast, it can be viewed from space. The Great Barrier Reef is the world's largest coral reef, and a world-famous diving spot. The Great Barrier Reef is protected by the Great Barrier Reef Marine Park; this limits human impact from activities such as fishing and tourism.*

**Directions:** Use the web links below to complete the graphic organizer on the Great Barrier Reef. Then, use the information to complete the activity on the next page.
