Source: OECD Math Performance 2015

1=Peru **2=BRAZIL** 3=Mexico 4=Columbia 5=Russia 6=AVG 7=US 8=Singapore

Summary: This scatter chart represents the PISA math test scores for high school students from the different member countries of the Organization for Economic Co-operation and Development (OECD). Education is a major factor in the investment of human capital, especially focusing on the math and science fields for STEM. The test scores are an effort to measure the quality of education and level of knowledge for each member country. This chart is just a sample size of a much larger international community.

7. According to the chart, which Latin American country has the highest score? _____
8. Estimate the test score for the males tested in Brazil in 2015? _____
9. By how many points does Brazil need to improve its test scores to meet the average?
